SAFETY PRECAUTIONS:

The following precautions apply generally in handling and using BOSS SOLVENT-3139:

- Avoid inhalation of solvent vapours. Work with solvents only in a well ventilated environment.
- Avoid direct contact with the skin. All solvents irritate the skin on prolonged contact because of their solvency for natural fats and oils.

DANGER: Harmful or fatal if swallowed.

FIRST AID TREATMENT: Contains petroleum distillate. If swallowed, do not induce vomiting. CALL PHYSICIAN IMMEDIATELY.

FLAMMABLE: Keep away from open flame or sparks.
