

CHAIN & BAR OIL: **WINTER & SUMMER**

PRODUCT DESCRIPTION & BENEFITS

BOSS Chain and Bar oils come in 2 grades for year round applications. They are formulated from high quality base stocks and technologically advanced additives for outstanding performance and equipment longevity. These oils contain an effective tackiness agent that improves adhesion to equipment, as well as special friction and wear reducing additives. It is developed for use in modern chain saws used in the logging industry as well other industrial users.

- Superior adhesion to equipment reduces throw-off and prevents dripping
- Excellent long-term anti-wear, rust and corrosion protection
- May be applied by hand or with an automatic oiler
- Dyed red/amber to easily identify chain coverage

APPLICATIONS

- For all chain and bar applications including chain conveyors
- Drive chains that require extreme pressure qualities and non drip features
- Applications where water is an issue

PERFORMANCE SPECIFICATION

| Grade | Winter | Summer |
|---------------------|-----------|-----------|
| Density (kg/L) | 0.860 | 0.872 |
| Kinematic Viscosity | | |
| cSt @ 40°C | 45 | 91 |
| cSt @ 100°C | 7.6 | 12.3 |
| Viscosity Index | 120 | 110 |
| Pour Point °C | -30 | -20 |
| Color | Red/Amber | Red/Amber |

NOTE: VALUES SHOWN ABOVE ARE REPRESENTATIVE OF CURRENT PRODUCTION AND MAY VARY WITHIN MODEST RANGES
